adi.singh.workmail@gmail.com
7692913670

Summary

Motivated and security-focused undergraduate with a strong foundation in penetration testing, vulnerability assessment, and ethical hacking. Skilled in Python scripting, with hands-on experience through platforms like HackTheBox and TryHackMe. Passionate about ethical hacking and always looking to expand technical and practical knowledge in real-world environments.

Skills

Penetration Testing, Vulnerability assessment, Active Directory Attacks, Python, Kali Linux

Education

Bachelor of Computer Applications

Symbiosis Institute of Computer Studies And Research • Pune, Maharashtra
06/2026

Certifications

Practical Network Penetration Tester (PNPT) – TCM Security, Google Cybersecurity Professional – Coursera

Projects / Practical Experience

- **Hack The Box Writeups**
 - Authored detailed technical walkthroughs for vulnerable machines on Hack The Box (HTB), showcasing step-by-step exploitation of misconfigurations, vulnerabilities, and Active Directory environments.
 - Published detailed writeups on Medium, showcasing the entire attack chain.
 - URL: medium.com/@adis Singh88.in , ad1singh.gitbook.io/pwn-notes/writeups
- **Pwn Notes – Offensive Security Knowledge Base**
 - Curated GitBook containing structured pentesting notes and real-world exploitation techniques.
 - Covers Web Exploitation, Active Directory, Privilege Escalation, and Enumeration
 - URL: ad1singh.gitbook.io/pwn-notes/

Accredited Courses

- Penetration Testing, Threat Hunting, and Cryptography – IBM
- Ethical Hacking Essentials (EHE) – EC-Council
- Penetration Tester Path, Bug Bounty Hunter Path – HackTheBox

Accomplishments

- Compromised **60+** Boxes on *HackTheBox* and *TryHackMe* Platforms combined
- Current Rank on HackTheBox: **Hacker**
- Currently in **Top 10%** rank on *TryHackMe*
- **Top 1%** rank on "*HackTheBox Academy*" with **386 Targets compromised**
